Here comes Peter Cottontail, hopping down the Bunny trail. In class today, the children did a gymnastics/coloring circuit. We're sure you liked the fact there was no candy involved – and the kids still get to color eggs.

Here's what they did at each station:

- 1.) (Red) Handstand against **red** incline mat.
- 2.) (Blue) Round-off dismount off of **blue** beam.
- 3.) (Green) Cartwheel over rope – straddle roll down **green** mat.
- 4.) (Pink) **Pink** balloon and racquet (hand-eye coordination activity).
- 5.) (Orange) Forward/Backward roll down **orange** incline.
- 6.) (Purple) Cartwheel on **purple** cartwheel mat.
- 7.) (Yellow) Backward roll or Bridge kickover off of **yellow** mat.
